

WHY FAIR EMPLOYEES DO NOT FEAR BACKGROUND CHECKS?

1 Because they do not fake their work experience

The company where you worked for 10 years, does not exist!!!

2 Because their previous pay slips are not edited

Just adding a 2 can give me all that I want!

3 Because their degrees are real

Time to buy that MBA degree!

4 Because their resumes are not bought or copied

5 Because they have nothing to hide
